

Curriculum vitae of Jörn Dengjel

Website: <https://www.unifr.ch/bio/en/research/biochemistry/dengjel.html>

189 peer-reviewed publications; h-index 58 according to *Google Scholar*

ORCID: 0000-0002-9453-4614

Education

- 2005 Dissertation in Biochemistry, Tübingen University (Prof. H.G. Rammensee; Prof. S. Stevanović)
- 2001 Diploma in Biochemistry, Tübingen University, Germany
- 1997 Pre-diploma in Biochemistry, Potsdam University, Germany

Professional experience

- 2016-now Full Professor for Biochemistry and Cell Biology, University of Fribourg, Switzerland
- 2013-2015 W2 Professor for Medical Proteome Research, Department of Dermatology, Medical Center, University of Freiburg, Germany
- 2008-2013 Freiburg Institute for Advanced Studies (FRIAS)-LifeNet Junior Fellow, Freiburg University, Germany
- 2006-2008 Postdoc, Univ. of Southern Denmark, Odense, Denmark (Prof. M. Mann, Prof. J. Andersen)
- 2005 Senior Scientist - Tumor Analytics, Immatics Biotechnologies, Tübingen

Fellowships and awards

- 2015-2017 Feodor Lynen Fellow of the Alexander von Humboldt Foundation and guest professor at Carnegie Mellon University, Pittsburgh, USA
- 2015 FRIAS Senior Fellow, speaker of the Research Focus Membrane Trafficking in Ageing and Disease
- 2006-2008 EMBO long-term fellow
- 2002-2004 Doctoral scholarship of the German Merit Foundation
- 2002 Doctoral scholarship of the German Research Foundation (GRK784)

Institutional responsibilities

- 2021-now Co-speaker of the Fribourg Graduate School of Life Sciences and Medicine (FGLM), University of Fribourg
- 2019-2021 President of the Department of Biology, University of Fribourg
- 2017-2019 Vice-President of the Department of Biology, University of Fribourg
- 2016-2019 Speaker of the Fribourg Graduate School of Life Sciences (FGLS)
- 2015-2016 Vice Managing Director of the ZBSA, Freiburg University, Germany

Membership of scientific societies

- 2020-2022 President of the Life Sciences Switzerland (LS2) Section "Autophagy"
- 2017-2020 Vice President and Member of the LS2 Section "Autophagy"
- 2017-now Member of the LS2 Section "Autophagy"
- 2017-now Member of the LS2 Section "Proteomics"
- 2017-now Member of the Swiss Society for Matrix Science
- 2015-now Member of the German Society for Proteome Research
- 2014-now Member of the Human Proteome Organization
